Term of Accreditation: Three (3) years -

ACCREDITATION EXTENDED TO January 17, 2021

Dear Mr. Boudreaux:

DNV GL Healthcare NIAHO® accreditation for Fairway Medical Surgical Hospital has been extended to January 17, 2021 due to circumstances of the COVID-19 pandemic and the associated Public Health Emergency. Regulatory authority for this extension, and information on CMS enforcement posture during the PHE is in Quality, Safety & Oversight Memo QSO-20-20-ALL.

This effective date may be further extended on request, in 60-day increments, through May 17, 2021 without additional onsite survey activity, or until the Public Health Emergency ends, whichever comes first.

DNV GL will complete the onsite survey for reaccreditation and ISO 9001 recertification when it is safe to do so. New NIAHO® certificates for the full three-year accreditation term, retroactive to 11/17/2020 through 11/17/2023, will be issued based on the results of that survey.

Extension of accreditation without survey, beyond May 17, 2021 will be at the discretion of CMS, based on continued restrictions on survey activity, renewal of the HHS Public Health Emergency, or local conditions that make it unsafe or impossible to survey.

If you have questions about this extension notice, please contact dnvclientdropbox@dnvgl.com.

Sincerely,

for DNV GL Healthcare USA, Inc.
Troy D McCann
